

# Automatic Transmission Fluid

## DEXRON - III H

SOIL ATF III H is made from 100% synthetic base oil with special additives package. It is the latest output of lubricating technology. It contains viscosity index improvers, anti-oxidants, anti-wear, detergents, extremely low pour point and improved low temperature fluidity. This fluid provides unique advantages in long term friction retention and air release properties.

### APPLICATION

It is suitable for automatic transmissions in passenger cars and light duty trucks and power steering unites. It is also suitable for hydraulic systems in farm equipments and other installations having similar fluid requirements.

### BENEFITS

- Better fuel economy.
- Low maintenance cost through better performance.
- Keep engine clean.
- All year round usability.
- Excellant anti-wear and anti-rust properties.
