

## CO Series

**CO Series** are super quality compressor oils. It is made from Super Grade base fluid with excellent additives package. Sigma compressor oils are designed for use in air compressors where long drain interval and freedom from deposit formation are desired. The proper anti-oxidant properties of this product resist oxidation in all operating temperatures. It also contains the properties of anti-wear and anti-corrosion.

### APPLICATION

CO Series exceed the performance requirements of DIN-51506 Group VDL and ISO DIN-specifications. It is recommended for the following type of compressors: 1. Screw compressor 2. Piston and Reciprocating compressor 3. Vacuum pump compressor 4. Airman, Atlas Copco, IMW, Osaka, Oasis, Makita and any others brand compressor.

### BENEFITS

- Minimizes deposit formation.
- Superior anti-wear properties.
- Effective anti-oxidation action.
- Outstanding anti-rust and anti-frictional properties.
